

OVERMAN DECLARES LOBBY IS AT WORK MOULDING PUBLIC OPINION IN OPPOSITION TO FREE SUGAR

(By Associated Press.)
WASHINGTON, June 5.—The existence of a powerful concerted lobby has been established by the investigation according to a statement by Chairman Overman of the senate committee. The lobby is not by personal appeal, but by organized activity to mould public opinion, he said. It is insidious to the extent of

the misrepresentations and misinformation. Overman declares he has "decided views on the question." Senators Goff, Gore, Hoke Smith, Sherman and Shields, were on the stand today and all denied that they had ever been approached personally by lobbyists. Smith said he had received much literature on sugar, which he was ordered to bring before the committee.

NEW OIL CAN IS INVENTED FOR UNDERGROUND

CONTRIVANCE IS ADAPTED TO USE OF MINERS RUNNING MACHINES.

A pocket oil can for miners operating machine drills is being exhibited in Tonopah by William Campbell, former superintendent of the South Star, and also formerly connected with the Wingfield interests at Goldfield. The oil can has been patented by W. G. Donnelly, in Colorado during 1903, and is declared to be one of the best devices ever placed in use.

The can is in the form of a small flask and easily fits a jumper pocket. A small lever releases the oil when the flask is upturned and the minute the lever is released the can is closed. It has been figured that mining companies are put to considerable expense now in purchasing oil cans, which are easily broken and are often thrown away after being in use a short time. The saving alone in the cost of oil will more than offset the cost of the can.

Several of the local companies have announced a willingness to secure the cans and it is probable the use of the invention will be adopted by every company in the district.

Stitt Wilson, are reckoned two of the greatest orators in the movement, so that the lecture tonight promises to be a memorable event.—Adv.

REBEKAHS ARE PAID VISIT BY THE PRESIDENT

HEAD OF STATE ASSEMBLY JOURNEYS TO TONOPAH TUESDAY NIGHT.

Mrs. Alys Johnson of Goldfield, president of the state assembly of Rebekahs, paid an official visit to Tonopah lodge Tuesday night. She was accompanied from Goldfield by twenty-nine members of the order in that city, the journey being made by automobiles.

The evening was spent in dancing at the conclusion of the lodge ceremonies and a banquet was served at midnight. During the visit Mrs. Johnson delivered a glowing account of the growth of the order throughout the state. She has just returned from a tour that included every town in Nevada and she stated that everywhere the Rebekahs were increasing in numbers. The growth during the term just drawing to a close, she said, was larger than ever before in the history of Odd Fellowship in Nevada.

BEGGED FUNDS WITH WHICH TO SECURE SOUSE

CRIPPLED MENDICANT IS PLACED UNDER ARREST BY DEPUTY CONSTABLE.

Deputy Constable Peck this morning arrested a crippled mendicant, who has been begging about the streets of Tonopah for the past week. The beggar, who has excited sympathy owing to the loss of a leg, was in a glorious stage of intoxication and was calmly sleeping in front of a building on lower Main street when his slumbers were disturbed by the peace official.

The beggar has transacted a thriving business during his stay in Tonopah, and the proceeds were evidently spent in the carouse that resulted in the arrest. The prisoner will be invited to leave the city as soon as he sobers sufficiently to travel.

TRUST COULD NOT INJURE RIVALS

DIRECTOR IN CORPORATION GIVES TESTIMONY IN FEDERAL DISSOLUTION SUIT.

(By Associated Press.)
NEW YORK, June 5.—It would be a physical impossibility for the United States Steel corporation to drive competitors out of business, according to the testimony of Percival Roberts, former president of the American Bridge company, now a director in the corporation, in the government dissolution suit. He denied the corporation had ever attempted to crush a rival by price cutting. He said a trade war hurt one as much as the other.

SIMON CAREY, COLORED PIONEER DIES OF OLD AGE

SUCCUMBS AT CABIN THIS MORNING AFTER AN ILLNESS OF FIVE DAYS.

Simon Carey, colored, a pioneer of southern Nevada died this morning at his cabin on Florence avenue after an illness of five days. He was aged 90 years and was a native of Kentucky.

Carey came to Nevada about 1870 and has resided continuously since that date in this state. For many years he lived at Belmont where he followed his profession as a barber. During the early days of Tonopah he moved to Nevada, and although he attempted to follow his profession here, old age prevented active work. In recent years he has been cared for by the county.

A daughter is believed to survive Carey, although her present whereabouts are unknown. The funeral will be arranged by the colored residents of this city. The remains are at the undertaking parlors of W. W. Acott and Cavanaugh.

VACATIONS WITH THE BOTHER CUT OUT.

Begin right now to make your plans. Decide where to go and by what route—land or water. Choose a place for your camp or your cottage or select your hotel. Lay in your clothes for sports and recreation by day and for your lounging or social diversions by night. Pick out your playthings and your everythings. But no matter where you are going or what sort of vacation you expect to indulge in, begin now to eliminate the bother, so that when the time comes around nothing but pure, solid, unadulterated play remains.

HEARTY APPRECIATION IS SHOWN CHILDREN WHO PARTICIPATE LAST EVENING IN SCHOOL PRODUCTION

A crowded and appreciative house attended the closing exercises of the grammar school and the graduation of the eighth grade last evening in the Nevada theater. Before the program began every seat in the house was filled and many stood throughout the evening. Close attention and hearty appreciation was given to a long and exceptionally good program and the children quickly catching the friendly and encouraging attitude of the audience responded with the best efforts. The evening was a success in every way.

Judging from the manner in which the people received the various numbers, if any one act made a special hit it was a dainty French minuet danced to the accompaniment of the piano by eight little tots, four boys and four girls of the first grade, dressed in costumes of the period of Louis XV.

Other features worthy of special mention were a playlet entitled, "The Court of Fame," by the eighth grades, which was well and faithfully produced, and a very pretty tableau by the girls of the sixth and seventh grades, entitled, "Sandalphon."

During the evening some excellent music was given by a chorus of girls and boys from the sixth, seventh and eighth grades.

The address to the graduates was effectively delivered by Frank Manalix, who spoke for the parents and school board, the class standing in a semi-circle about the stage. When the diplomas, tied with ribbons of orange and purple, the class colors, and been presented, a large number of the beautiful bouquets sent up by relatives and friends were presented to the members of the class. Great praise is due to the scholars from all the grades for the faithfulness with which they attended rehearsals and the splendid spirit they showed toward making the entertainment a success.

Much credit is also due to the teachers of the grades who, crowded with work during the last weeks of the term, due to the time lost through quarantine, and with final examinations to be given, stacks of papers to correct, and promotion cards to fill out, gave many hours of extra time to rehearsals for the program. Scholars and teachers alike felt fully repaid for time and work when they saw unmistakably last evening that their efforts were being appreciated.

Everyone of the pupils in the eighth grade passed the final examinations with good, and several with exceptional, standings, a fact that is worthy of mention inasmuch as the teacher's work has been handicapped by having part of the fifth grade in the same room, an arrangement made necessary because of the unusual number of pupils in this year's fifth.

The choruses showed the result of faithful training on the part of Miss Hill, the special music teacher for the schools.

Following is the program in full:
1. Chorus, "Call to Arms," grades sixth, seventh and eighth.
2. Play by eighth grade, "Court of Fame."
